

13.5"W x 10.25"D x 8.5"H

TAKE SAFETY LABELING TO THE **MAX**

Manage safety projects of any size with the industry's only fully portable, all-in-one safety labeling printer. **DuraLabel Toro Max** gives you the freedom to create signs compliant with industry standards and design custom labels to meet site-specific needs. Whether you need safety signs, pipe markers, or equipment labels—Toro Max is ready to work anywhere you are.

MAXIMUM RESULTS. MINIMAL EFFORT.

Go from zero to print in seconds. Toro Max's auto-calibration functionality* allows you to swap ribbon cartridges and supply tapes without missing a beat. Just load, design, print, and apply.

ULTRA-DURABLE SUPPLIES

DuraLabel supplies are engineered to withstand many indoor or outdoor workplace environments. No matter the surface, Toro Max can label it.

FEATURES

- Print high-quality labels and signs with ½"– 4" supply widths
- Streamline the label creation process with pre-installed design software
- Use around the workplace or in the field with optional battery
- Choose from 40+ industrial-strength, application-specific supplies
- Create labels in seconds with the 9" full-color touchscreen, flip-down keyboard, and wireless mouse

NO POWER? NO PROBLEM.

Print anywhere, anytime with an optional battery.

40+ APPLICATION-SPECIFIC SUPPLIES

- Aggressive Adhesive Tape
- DuraTag™ (Tag Stock)
- High-Tack Tape
- Reflective Tape
- HazCom/GHS Labels
- Shrink-Tubing
- Repositionable Tape
- Circuit Board Polyimide Tape
- Electrostatic Dissipative Tape
- Fluorescent HiViz Tape
- LN2 Poly Tape
- UL 969 Compliant Poly Tape
- Cold Storage Tape
- Extended-Life Tape
- High-Temp Poly Tape
- and more...

SMART SOFTWARE INCLUDED

LabelForge PRO™ Labeling Software
Get the tools you need for effortless visual communication. Toro Max comes preloaded with powerful label design software. LabelForge PRO gives you the flexibility to start with code-compliant templates or create customized labels from scratch, all from one easy-to-use software.

- Built-in templates to help comply with industry standards
- Database with information on 1,500+ chemicals
- Library of 1,800+ essential symbols for label customization
- Design labels to meet your facility's specific needs
- Import data from a spreadsheet to auto-generate a batch of labels*
- Free software updates keep you up to date on regulation changes

HIGHLY RESISTANT OUTPUT

Toro Max uses thermal transfer technology to create long-lasting signs and labels that won't fade, even in the harshest conditions.

- Using heat, pigments are transferred from ribbon onto label supply for a permanent print.
- Labels are produced at 2 inches per second and immediately ready to be applied.
- Markings last 7+ years and resist damage from chemicals, water, and UV light.

All specifications subject to change without notice.
