## TAKE SAFETY LABELING TO THE **MAX**

Manage safety projects of any size with the industry's only fully portable, all-in-one safety labeling printer. **DuraLabel Toro Max** gives you the freedom to create signs compliant with industry standards and design custom labels to meet site-specific needs. Whether you need safety signs, pipe markers, or equipment labels—Toro Max is ready to work anywhere you are.

### **MAXIMUM RESULTS. MINIMAL EFFORT.**

**Go from zero to print in seconds.** When supplies run out, easy drop-in supply loading and auto-calibration gets you back to labeling fast. Just load, design, print, and apply.

### **ULTRA-DURABLE SUPPLIES**

DuraLabel supplies are engineered to withstand the most extreme indoor and outdoor environments. No matter the surface, Toro Max can label it.

## **PRINT LABELS ANYTIME, ANYWHERE**

- Equipment
- Pipe Markers (ANSI/ASME A13.1/IIAR Compliance)
- Electrical Panels
- Racks, Shelves, and Bins
- Valve Tags
- Barcode
- Safety
- Lockout/Tagout
- Wire Marking
- Bilingual
- Aisle Markers and more...

## 40+ APPLICATION-SPECIFIC SUPPLIES

- Aggressive Adhesive Tape
- DuraTag™ (Tag Stock)
- High-Tack Tape
- Reflective Tape
- HazCom/GHS Labels
- Shrink-Tubing
- Repositionable Tape
- Circuit Board Polyimide Tape
- Electrostatic Dissipative Tape
- Fluorescent HiViz Tape
- LN2 Poly Tape
- UL 969 Compliant Poly Tape
- Cold Storage Tape
- Extended-Life Tape
- High-Temp Poly Tape
- and more...

## SMART SOFTWARE INCLUDED

**LabelForge PRO™ Labeling Software**  
Get the tools you need for effortless visual communication. Toro Max comes preloaded with powerful label design software. LabelForge PRO gives you the flexibility to start with code-compliant templates or create customized labels from scratch, all from one easy-to-use software.

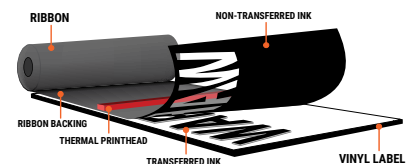

- Built-in templates to help comply with industry standards
- Database with information on 1,500+ chemicals
- Library of 1,800+ essential symbols for label customization
- Design labels to meet your facility's specific needs
- Import data from a spreadsheet to auto-generate a batch of labels\*
- Free software updates keep you up to date on regulation changes

## HIGHLY RESISTANT OUTPUT

Toro Max uses thermal transfer technology to create long-lasting signs and labels that won't fade, even in the harshest conditions.

- Using heat, pigments are transferred from ribbon onto label supply for a permanent print.
- Labels are produced at 2 inches per second and immediately ready to be applied.
- Markings last up to 10 years and resist damage from chemicals, water, and UV light.
