WIDELY USED FLOOR MARKING COLORS & PATTERNS

While there are no specific floor marking color requirements, the following is a color-coding guide popular in many facilities.

YELLOW
When used for safety purposes, indicates caution. For organizational purposes, used for pedestrian paths, vehicle paths, aisles, work areas and storage areas.

RED
For safety purposes, used as a hazard indicator. For organizational purposes, used to mark the boundaries of a defect product area or scrap material area.

WHITE
Often used for general purposes, to border machines, racks, workstations, and equipment.

ORANGE
For safety purposes, used to indicate a level of caution more serious than yellow. For organizational purposes, used to indicate materials or product held for inspection.

BLACK/YELLOW STRIPE
When used for safety purposes, indicates caution. For organizational purposes, used for pedestrian paths, vehicle paths, aisles, work areas and storage areas.

RED/WHITE STRIPE
Often used to indicate areas that must be kept clear for safety reasons (like around exit points, electrical panels, or hazardous equipment.)

BLACK/WHITE STRIPE
Often used for general purposes, such as identifying areas that must be kept clear for operations and workflow.

BLACK GREEN BLUE PURPLE
Various colors can be used for organizational purposes, such as indicating raw materials, work-in-progress materials or finished goods.
